

Building Consulting Services

Construction and building claims can be extremely complex to manage. Whether it be navigating among various involved parties, or developing repair and costing estimates that everyone can agree on, you need a team of experts versed in all aspects of the construction, appraisal and mitigation process.

Envista's Building Consulting services, coupled with our forensic expertise, provide a wide range of services, from traditional cost estimating and scheduling, to clerk-of-the-works and total program management.

OUR CLIENTS BENEFIT FROM:

- A conclusive assessment of how, why and when something happened
- Expertise in identifying the scope of work, repair schedule, and how much it will cost to repair or replace

ENVISTA FORENSICS BUILDING CONSULTING SERVICES INCLUDE:

Cost Estimating Services

Expertise in scope development, cost estimates (Xactimate and RS Means); clerk-of-the-works projects; project control during abatement of damage and upgrade situations; damage evaluation of up-to-date contractor pricing following a catastrophe; and bid comparison and evaluations.

Appraisal Services

Expertise in commercial and residential appraisal; roles as both appraiser and umpire; estimating and contractor support of mediated and arbitrated losses.

Water Mitigation Services

Expertise in determining drying processes, necessary equipment, and overall project costs; project scheduling, duration and length of business interruption; invoice review and evaluation; and assistance in resolution of project costs.

Construction Dispute Resolution Services

Expertise in dispute resolution regarding scope and costs; determining repair vs. replacement requirement; and assistance with negotiating contractor pricing and overall project costs.
