

## SERVICES & CAPABILITIES

Our job is to solve complex problems for our clients in the face of a disaster. Our client portfolio is diverse, from insurers, loss adjusters, and legal professionals, to owners and developers, risk managers, and selfinsureds. We serve clients, small and large, no matter where they are in the world and no matter what problem they are facing.

Our global services footprint, combined with our comprehensive services and specialty model, offers clients access to nearly 300 experts, many of whom are industry leaders.

# Delivering **Certainty** in an **Uncertain World**

With over 40 years of experience and a global team of engineers, scientists, and consultants, Envista Forensics helps insurers, legal professionals, and corporations solve the world's most complex technical problems.

Our mission is to deliver certainty to clients facing claims and disputes by solving complex technical problems with clarity and purpose. As a global leader in forensic engineering and consulting, we're trusted to investigate and resolve the industry's most challenging losses.

Our team brings deep experience, thought leadership, and a commitment to service. From routine inspections to large-scale, multi-disciplinary investigations, our experts provide clear answers, expert insight, and a passion for uncovering the "why" behind every loss.
